

Balasaheb Desai College, Patan

Career Oriented Courses: 2018-19

The students in the rural area like Patan are not aware of the different opportunities of employment. They can be given special skills with which they can initiate their own business or earn money by utilizing their skills. Hence Internal Quality Assurance Cell & College Development Committee decided to conduct Career Oriented Courses for all the students of the college. The proposal was submitted to the Management of the Institution and got sanctioned. During admission only students select the course according to their area of interest. Following courses are conducted successfully during the Academic Year 2018-19:
